November 15 Why was this event
important to me?

I know that I went
to a wedding it was my
first wedding I was
shy. When it started
I wear a flower girl
dress I was shy when I wear
it. And I know that
it was important to me
When I was shy and put my
head down when I was
walking I was scared too.
But when I went home

I thout that it was not
a shy time! And I think
When my baby sister
Vivian is a flower girl
I will tell her my
story and I think she
will do the same thing
as me! and be the best
flower girl as me too!
