When I Lost My Tooth

Needs a transition.

Oh no! I'm losing my tooth left and right. Emedietly I started looking. I am hesitating. breathing hard. My tooth is really important to me. I don't want to loose it

11-27-06

I felt on the ground. About Three minates later I found it. Then I went to breakfast.

Jack

After breakfast I went back to my bedroom.

I never nodosed it but my tooth fell out of my neckless for the second time. By the time I nodosed ^{my tooth necklace open} it I was in the living ^{in the bedroom.}

room. "Oh no!" I said. Emedietly I started looking ^{for my tooth} ~~out~~ in the living room. "Mama, could you please help me! I lost my tooth somewhere." My mom join^{ed} in and togather we looked "What if

Stella our dog ate it". I say. "I don't think she would eat a tooth Jack?" I was realied. We looked under the couch, table, and Stellas bed. Finally my mom said "Maybe it's in your bedroom."

I went to the bedroom, felt the carpet, and together we found it. Thank you "Mama I found it near my dresser." mama. I wanted that sharp, white, and small tooth. It was the first time I had lost my tooth two times befor school. I was really realieved. I went to school feeling very happy
