Why was this event important to me?

Because my tooth was important.

It was the first time I had lost my tooth twice in one morning.

My tooth fell out of the neckless

that it was supposed to stay in.

I was really worried. I thought

"What if Stella my dog ate it".

But that came unshwallow. That's

when I was relieved.

It was scary, I thought I would

never find my tooth again.

But we did. YES!

We were driving to school.

It was a sad morning but I

was over it. This morning I

lost my tooth in my bedroom

twice. Luckily we found it

but I was really upset.

I'll tell you the whole story.

One night my mom popped

my tooth out of my mouth.

In the morning I found a

one dollar bill. I was

excited.

looking. I am hesitating. Breathing

hard. My tooth is really important

to me. I don't want to loose it.
