

When I went to a wedding.

I went to my first wedding.

I was a flowergirl I was wearing a pretty white dress. I was shy of the people I don't know them.

I was shy of them again.

Then I saw a horse, I said,

I want to ride the horse but the horse was gone. We went

where the chairs were. And sat down.

When the man told us to go

me and the flowergirls walk down

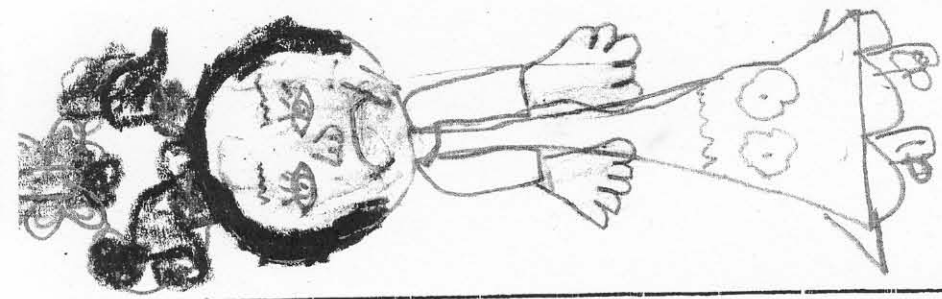

the aisle. As I walked I reached

in the basket and pulled out some

petals and throw them. I put

my head down when I was

walking I was shy. Then we sat

down in the front row on the  
chairs. A butterfly fly on my  
head. I was shy again because  
people were looking at me. When  
the butterfly flyed around me. I  
was shy with the butterfly on  
my head. When I went home  
I thought it was my first  
wedding. And this is the first  
time I had been a flower girl  
I "said" I will never forget  
when I went to a wedding!

When my babysister is a

flowergirl, she will be like me!

I will be happy for her!
