11/13 Reflection on my narrative

make it just better  
by putting expression & dialog

1) What I did well?  
make it messy and  
cool.

2) What I could have done  
better. Put more expression  
in it to make it  
better understanding.

3) What is my goal for  
the next writing  
piece. Make it un-  
messy and just  
perfect for me  
like talking  
about my metacycle  
and more expressions  
dialog.
