Because I thought he was
going to wake up.

This was the worst day of
my entire life.

Then my mom was on the
computer tap, tap, tap on the
computer. my mom would
always be on the computer.

She was makeing dinner

to. it smelld so Good

that I could eat it.

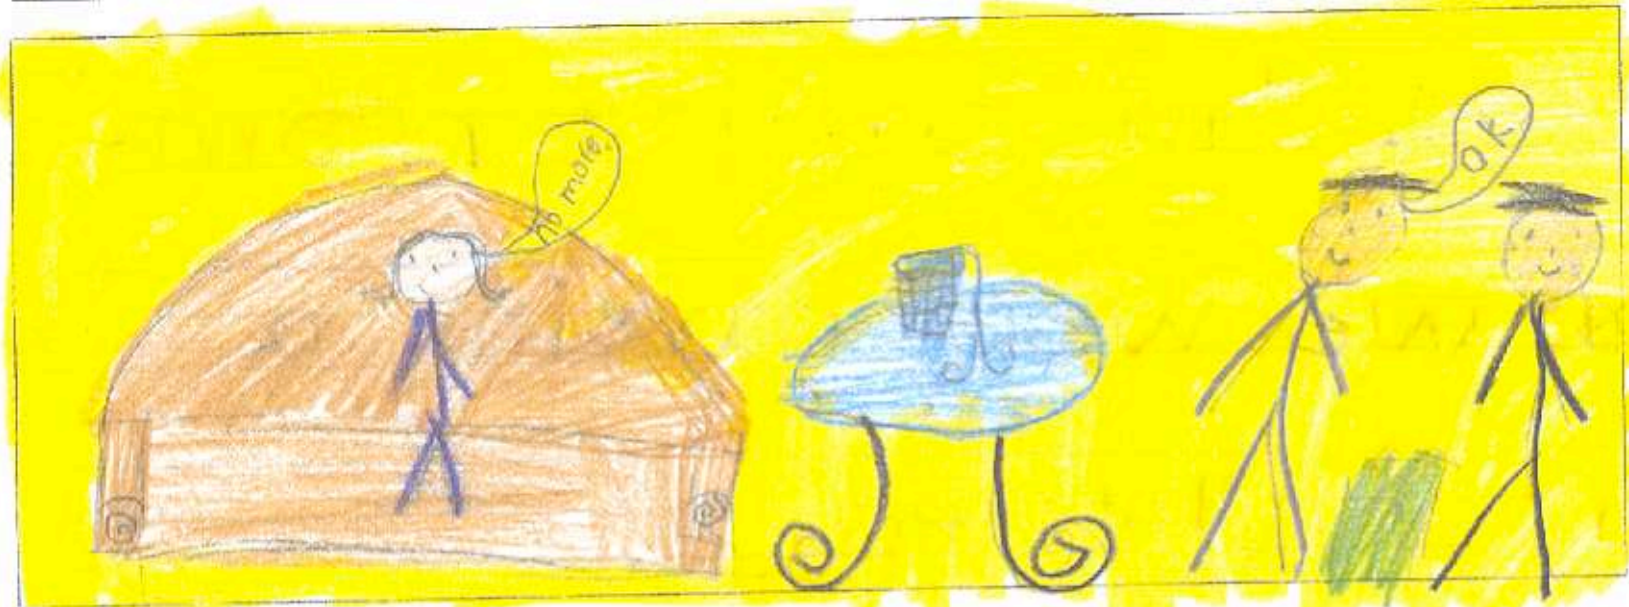

Wall my mom was makeing

the couch's. and running

around the living room.

But then I was not Filling
well. so I Fell a Sleep.

But when I was a Sleep
I thot that were going to

Brake! something, and

do you no what happend

next...

I woke! up and glass was
 Shattering all over the
 Floor. and I heard Boom.
 I had to Fix it
 and really Fast!

But I could not do
it that fast.

so my dad woke up
and my mom jumped
off the computer.

and told us what
happend — they broke
it. I said to her.

My mom told me to
go to Bed. and my
Brothers got in trouble.
But I didn't.

But I still went to
sleep. and my Brothers

was thinking that they
may have learned
